Candidature Not Accepted: Madingou Congolais (no endorsement)

Relating to the election of the European Sport for All Union, there is one candidate per position and we believe you will be elected per acclamation.

In the UESpT election, each candidate will have a time of 1 minutes to introduce its program in the assembly.

FISpT will have for each position a secret vote.

To each candidate we are going to give 3 minutes of speech.

Each candidate is free to not use the assigned minutes.

In case of election in some specific category, the candidate will automatically be deleted for the other not compatible.

The candidate elected as president cannot run in any other position.

The same for the candidates running as vice president.

The same will apply for the general secretary role.

Thank you very much
